ACTIVITY INFORMATION

Grande Cache Golf & Country Club Info

Set against the slopes of the Rocky Mountains, Grande Cache has a spectacular 9 hole course that offers breathtaking views from every hole. The course sports a well designed layout that caters to all levels of ability. Most holes have large, undulating greens and staggered tee boxes which allow golfers to alter the look of the holes. The most challenging hole on the course is the par three 4th. Long at 230 yards, your tee shot must be straight as lateral hazards line both sides of the fairway. The golfer is assisted by a 40 foot drop between the tee and the green and can expect extra distance on the drive. The hole's large green contains many deceptive undulations, and golfers should take care in lining up their putts.

CALL TO RESERVE YOUR TEE TIME: 780-827-5151
